

FOR IMMEDIATE RELEASE

December 7, 2009

ESPN RADIO MOVES TO GALAXY COMMUNICATIONS AND FM RADIO

ESPN Radio will have a new home in Syracuse beginning on March 5, 2010.

It will move from 1260 on the AM Band to 97.7 FM and 100.1 FM (Oswego). Additionally, ESPN Radio will also be heard on 1200 AM and 1440 AM (Oswego). ESPN Deportes, the Hispanic language version of ESPN Radio will debut the same day on 1070 WSCP AM.

“ESPN Radio being available on FM will be a significant upgrade for all sports fans” commented Ed Levine, President / CEO of Galaxy Communications. “While TK99 will remain the flagship of SU Athletics, you will also hear SU football, men’s and women’s basketball and men’s lacrosse on ESPN. We are already working on additional SU programming for ESPN, plus we will have exciting news soon about major league baseball and NFL football play by play. This is big news for all area sports fans,” Levine said.

97.7 and 100.1 ESPN Radio will debut on March 5, 2010 and will broadcast all the games of the entire Men’s Big East Basketball Tournament which will begin the following week.
